The Dynamic Strive for Tomorrow

Foreword

For this year's Montaneer, the graduating class of 1961 has drawn from the surroundings of the Space Age in introducing the theme, "Count-down." To us, "Count-down" signified the beginning of a new life within the walls and environment of Mont Pleasant. With much sorrow and regret, we are also counting-down to the day when we must leave our ivy-clad building, prepared as is a rocket, ready to take off for a new life beyond.

During the preceding four years in high school, we have had many enjoyable experiences together and will be eternally grateful to the helmsmen, our faculty, who have given their time and effort to piloting us along the path to maturity. We shall never forget Mont Pleasant's friendly society and high standards. This, however, is past, and resolutely we must look up and set the course for our future. Mont Pleasant is now the launching pad from which we ascend, alone and unsure, into the universe of life. Our characters were molded staunchly, and we hope to succeed with all the vigor that Mont Pleasant has given us.

Thus, in our yearbook, we should like to display all of the preparations which we have had for this exit from the sphere of our high school — the long four-year count-down which encompassed sound learning and enrichment, colorful sports, dances and clubs, understanding faculty and administrators, and warm friendship and cordiality. We herein give you the events of Yesterday, being relived Today, for the benefits they may offer Tomorrow.

Contents

YESTERDAY

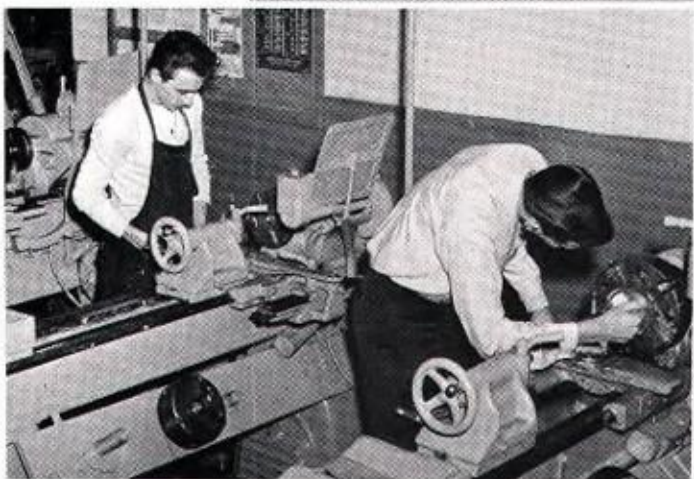

In the past four years, we have experienced the many challenges and enjoyments found in life. Having sampled work and play, success after failure, and joys with sorrows, we realized the value of our education, and have regarded each new endeavor as a great contribution toward our final goal of a purposeful and well-balanced life.

TODAY

Here, the dreams and struggles of our high school days culminate. Graduation ceases to be a goal; it is now a fact. We are proud, we are eager, but also we are conscious of the magnitude of the journey before us. We savor each moment of this day before moving on.

TOMORROW

Keenly aware of the challenges and responsibilities involved, we turn to tomorrow, trusting that our acquired strengths and new learnings will make it possible for us to be active, contributing members of the world that awaits us. We explore its wonders and marvel at its progress.

ADMINISTRATION AND STAFF

It is the function of the administration at Mont Pleasant High School to serve the faculty in its effort to afford each student, in the light of his unique combination of personal traits, interests, and goals, those educational opportunities which will contribute most toward causing the student to attain his inherent potential.

The education of today does much to shape that which will be tomorrow. With this in mind, the administrators and teachers must seek ever to do better that which we have been doing and to identify those areas which we have missed completely, with action to follow. People are our most important product.

GUIDANCE DEANS AND STAFF

Guidance at Mont Pleasant is based upon the belief that each pupil must be assisted in making logical decisions on the basis of sound choices presented in terms of his individual needs and capabilities. This may be accomplished by his parents and his teachers, by individual conferences with his guidance counselor, by group guidance, or through community resources.

The department recognizes that guidance is a continuing, on-going process. Therefore, the program contains provision for individual program planning and for study of vocations, in terms of post-high school training or job placement, as well as assistance in solving personal problems of high school adjustment.

ART EDUCATION

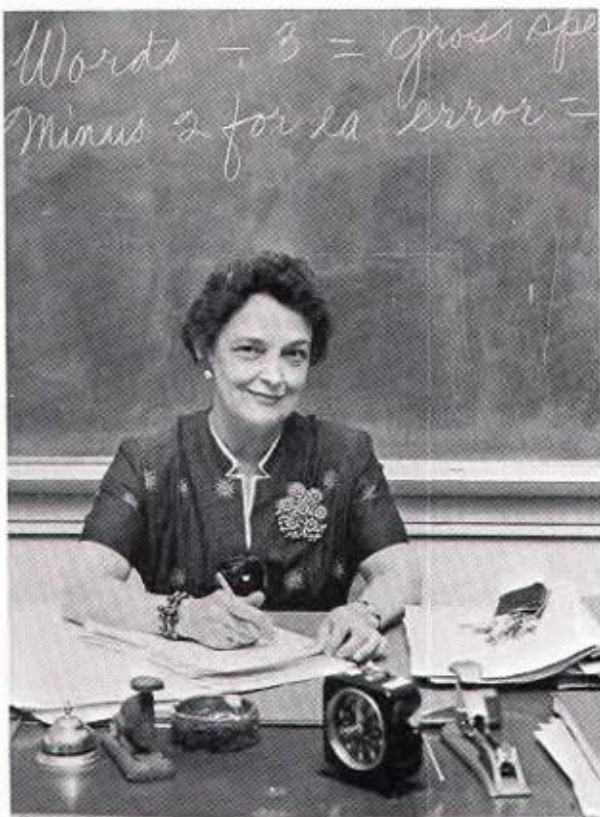

We create

Artistic abilities of many of the Mont Pleasant students are brought out or developed further by our Art Department. The courses offered at Mont Pleasant range from oil painting to poster design, ceramics to advertising art. In these classes, participants develop the techniques of fine art. Working diligently, the students learn as well as create their own individual masterpieces, trying to put down their ideas in an artistic fashion. For those of us whose talents do not run along the lines of art, courses in art appreciation are offered. By such a course, the appreciation of art is extended, and the students acquire a taste for all phases of art. Students travel into the structure of art and discover the "whys" and "wherefores" of art.

MISS POLLACK

Business education is one of the many divisions taught at Mont Pleasant to further a student's knowledge. Even if one is college-bound, many phases of the business course could appeal to him. For those of us who plan to take their spot in the business world, work in this field sets up a background for business through practical application and experience as well as through study. Under this division, a student may be enrolled in either a clerical, secretarial, or cooperative retailing course. Through the efforts of the teachers, the basic skills of a business profession are impressed upon the students. Subjects, related to business, which broaden a student's background are also offered. The essentials necessary to succeed in the business world are as much a part of these courses as the fundamentals taught. Business like manners, attitudes, and good grooming are subjects that fall in the related-field category. The mechanics of the subject, such as shorthand, bookkeeping, correspondence, filing, and the use of business machines, are presented as practical experiences and as study material.

The World at his Finger Tips

At Mont Pleasant, one of our aims is to help students become well acquainted with the different forms of government. Since America is a hybrid nation, we include the study of foreign administrations as well as our own. Exploring customs, traditions, and heritages gives the Citizenship Education program a more colorful background. As American citizens, as well as citizens of the world, Citizenship Education becomes indispensable to our student body. We hope the Class of 1961 finds our program most helpful to them in the future.

MR. BURNS

The three basic aims of the English Department at Mont Pleasant are to teach the students the art of communication, expression, and creativity. The accomplishment of using our language effectively and correctly is a goal the teachers strive for. The ability to speak, write, and listen intelligently is a goal we all strive for. Through the wide usage of books, we can explore exotic lands. Literature develops in our minds an appreciation for the finer things of life. We become acquainted with history and can see, through literature, the effect of phases of life upon the people of each period of time. We learn through reading, the emotions people express and the ideas and opinions which create obstacles in their lives. In books, time and space are but mere fragments of the mind. By our adventures in literature, a cultivated interest may be aroused.

Formal writing gives a student the opportunity to express his emotions and opinions.

On the drawing board

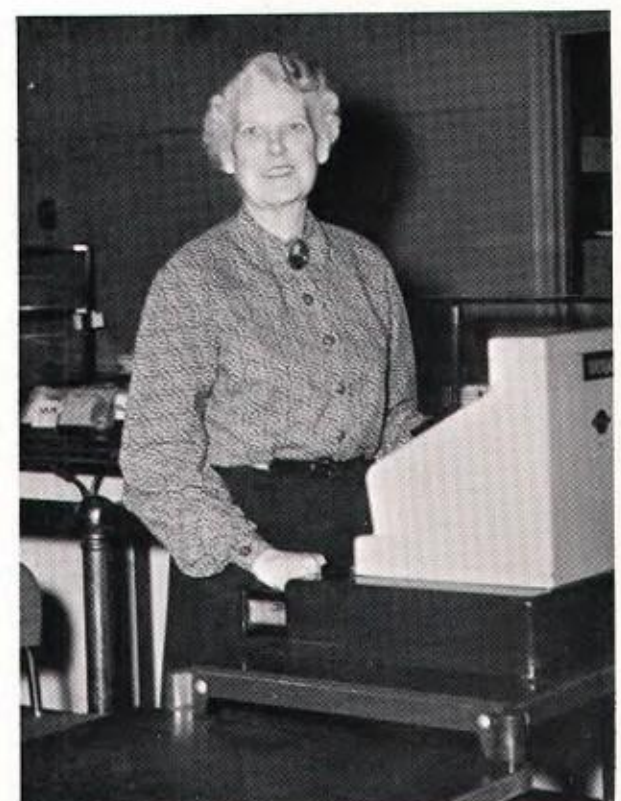

"To build the homemakers of tomorrow." This is the aim of the home economics department here at Mont Pleasant. The courses are open to both boys and girls and are in a variety of fields.

Many subjects that deal directly with the practical end of homemaking are offered. Clothing, consumer buying, and foods are a few. Courses that cover the social and management areas are family living and store problems. Handling money, fashions, social conduct and proper etiquette, and most important of all, getting along with others, are emphasized. Homemaking courses are not required; we choose them as electives. Therefore, we picked the individual courses which would aid us best in the future, — and they all probably will.

Industrial Arts subjects are designed to give boys an appreciation of the materials and products of industry. They help the mechanically-minded boy to think or create, to invent, experiment and be challenged by the problems resulting from our industrial society.

There are a wide variety of subjects to choose from in the Industrial Arts course. For example, Aviation Engine Mechanics gives boys an opportunity to learn the fundamentals of aircraft engines, theory of flight, construction and appreciation of airplanes. Also, metal shop provides opportunities for experience with metal and woodworking course in wood products.

The exceedingly fast speeds of today's transportation are bringing people of the world closer together. Therefore, a better understanding of the different languages helps a person be a better citizen. At Mont Pleasant we have a language department which trains students to understand, speak, read, and write modern languages. The method used is called the audio-lingual method. To help the students develop a better understanding of the desired language, a language laboratory is provided in which students have an opportunity to listen frequently to the language being spoken. The language department requires one laboratory period per week outside of class.

MATH DEPARTMENT

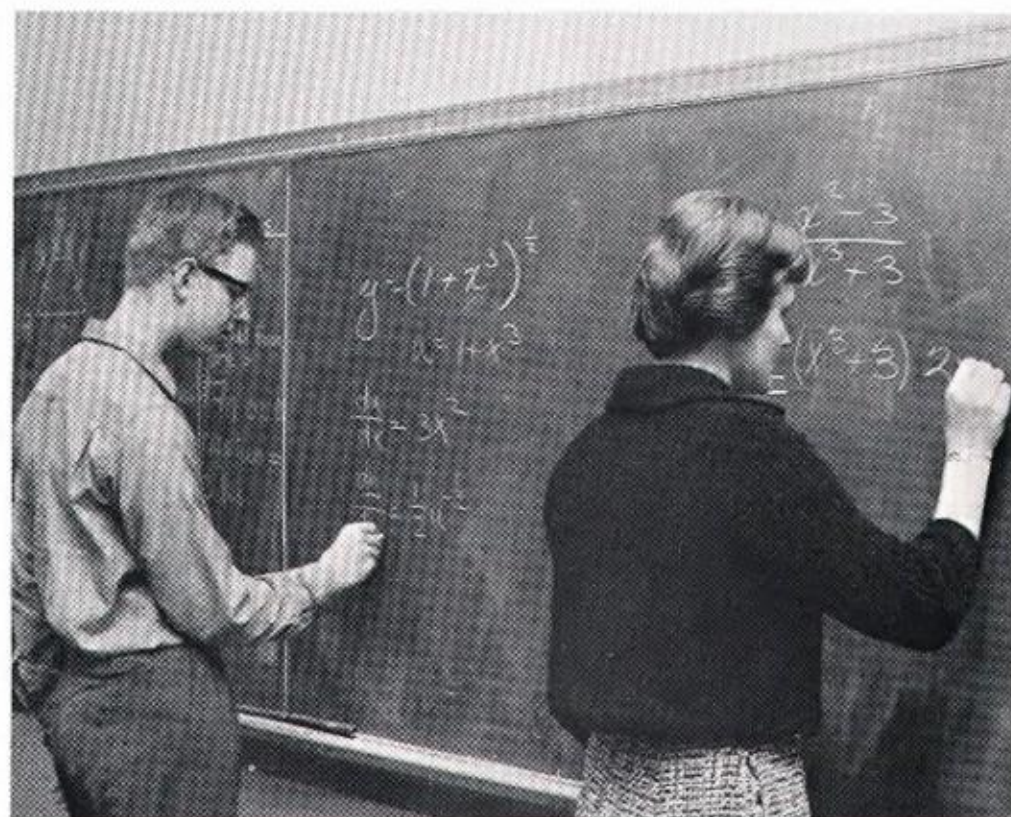

The space era has made mathematics an area of fast growing concern and interest. At Mont Pleasant we can be proud of our complete and up-to-date mathematics department. Many variations of this subject are taught from general mathematics straight up to and including calculus. This enables students with varied interests to take some form of mathematics in their four years in high school. The basic purpose of mathematics is, to give the student knowledge, not only of the fundamental reasoning of mathematics, but to teach him to be able to apply this acquired knowledge later on in life.

Learning the Art of Music

The Music Department consists of classes in several different fields, open to all students interested in music and wishing to participate. Band provides instruction and entertainment as it helps the individual participant become more proficient in performance and appreciation while offering good music to the listeners. The orchestra offers membership to students of special talents and more pronounced interests.

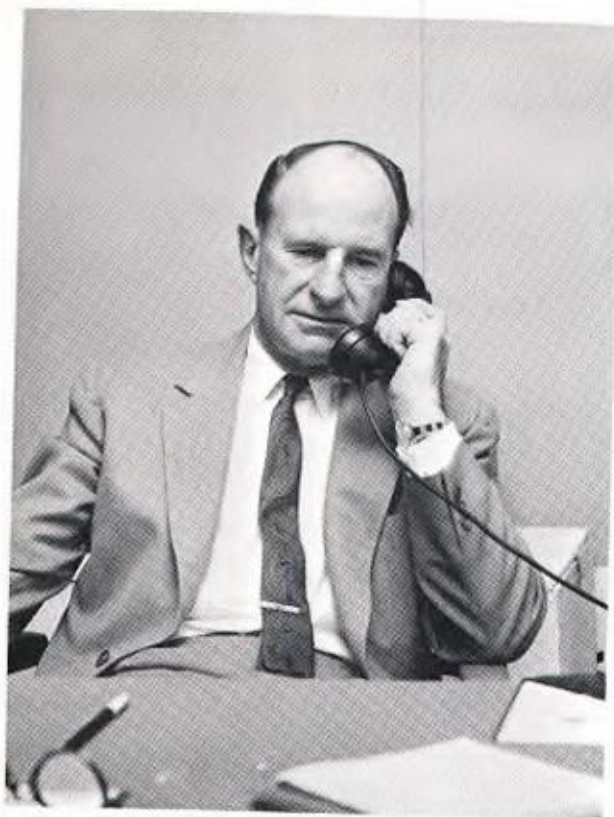

In choir, students develop an appreciation for choral singing and are provided the opportunity for extensive work in choral literature.

Driver Education

The physical education department here at Mont Pleasant has as its aim making students physically, mentally, and socially fit. Through its games and activities, it helps build healthy bodies, proper attitudes toward wholesome physical activities and fine standards of social behavior. Learning proper sportsmanship and how to work with other people is another goal of the physical education department.

Health classes for those students, who didn't take biology in their tenth year, and driver education classes fall into the physical education category. Through the health classes we learn about our bodies and their functions. The driver education classes have as their aim teaching us to be good drivers and to practice sportsmanship in driving.

In all its phases the physical education department teaches us to work cooperatively with others, — a big part of our development as people.

SCIENCE DEPARTMENT

The Mont Pleasant Science Department tries to stress the fact that with the world as science-minded as it is today, at least a basic understanding of the subject should be given to all students and that they should have the opportunity to continue their scientific investigations according to their interests and abilities. No matter what our future plans may be, the scope of science will give us a universal knowledge which will be valuable in later life no matter what our future plans or occupations may be.

For the college-bound or technical student, certain science subjects are mandatory but all other pupils are welcomed and encouraged to further their scientific know-how.

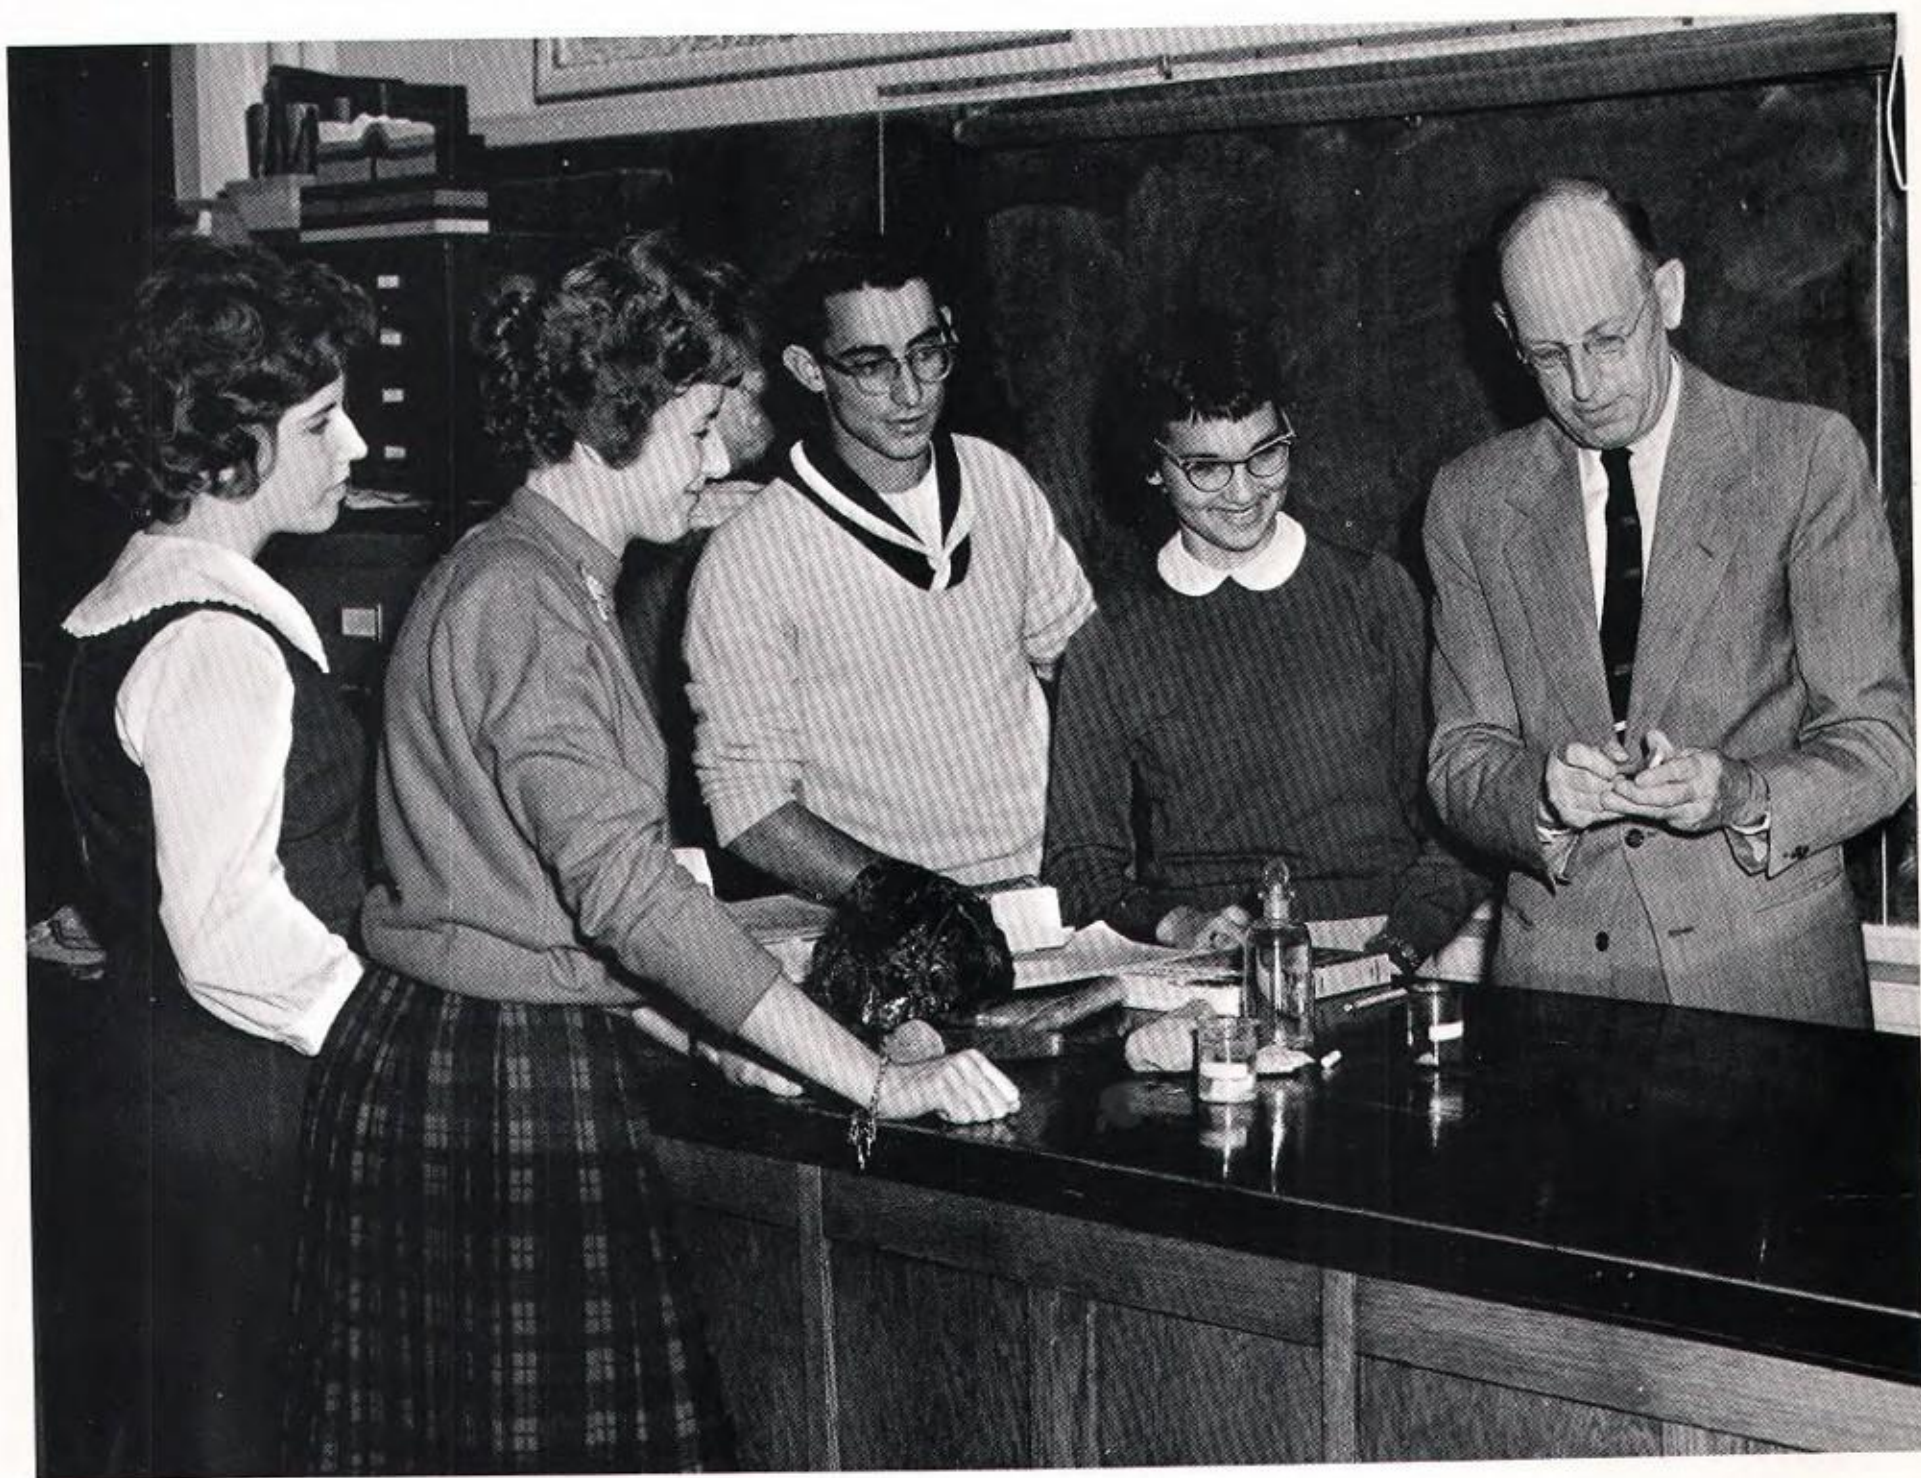

The science department maintains well-equipped laboratories where students put into practice the theories they have learned from instructors and text books. In addition, those students who have expressed an especially keen interest in the field of science are given the opportunity to work on advanced, individual projects.

MR. ZIZZI

Technical curricula are designed for those of us who have an intense interest in science and mathematics. We in the Technical Department obtain a firm foundation in the fundamentals upon which the technological fields of industry function — mathematics, science, engineering drawing and the technology of electricity and mechanics. Many hours are spent in our technical laboratories so that we may learn by doing. When we receive our technical diplomas, we may elect a training or apprenticeship program in the technical branches of industry or we may enroll in a science, mathematics or engineering program in college. Our technical department has been used as a model for establishing courses in many schools in this country and also in foreign lands. While on the program, many of us have had an opportunity to meet with visitors from all over the world.

Excellent teachers, well-equipped laboratories and fine programs make us ready to enter upon careers in industry or college and maintain the high level of our previous technical graduates.

The Art Club has been organized to provide activity for students with artistic ability. The members serve the school by designing, constructing and painting the scenery for the annual play. They design posters for various school functions. This year the Art Department has acquired an enamel kiln so that the Art Club can make enamel jewelry. These students also serve the community by making favors to be distributed among Veterans' Hospital patients. They also attend cultural exhibits at the Schenectady Museum.

BAND

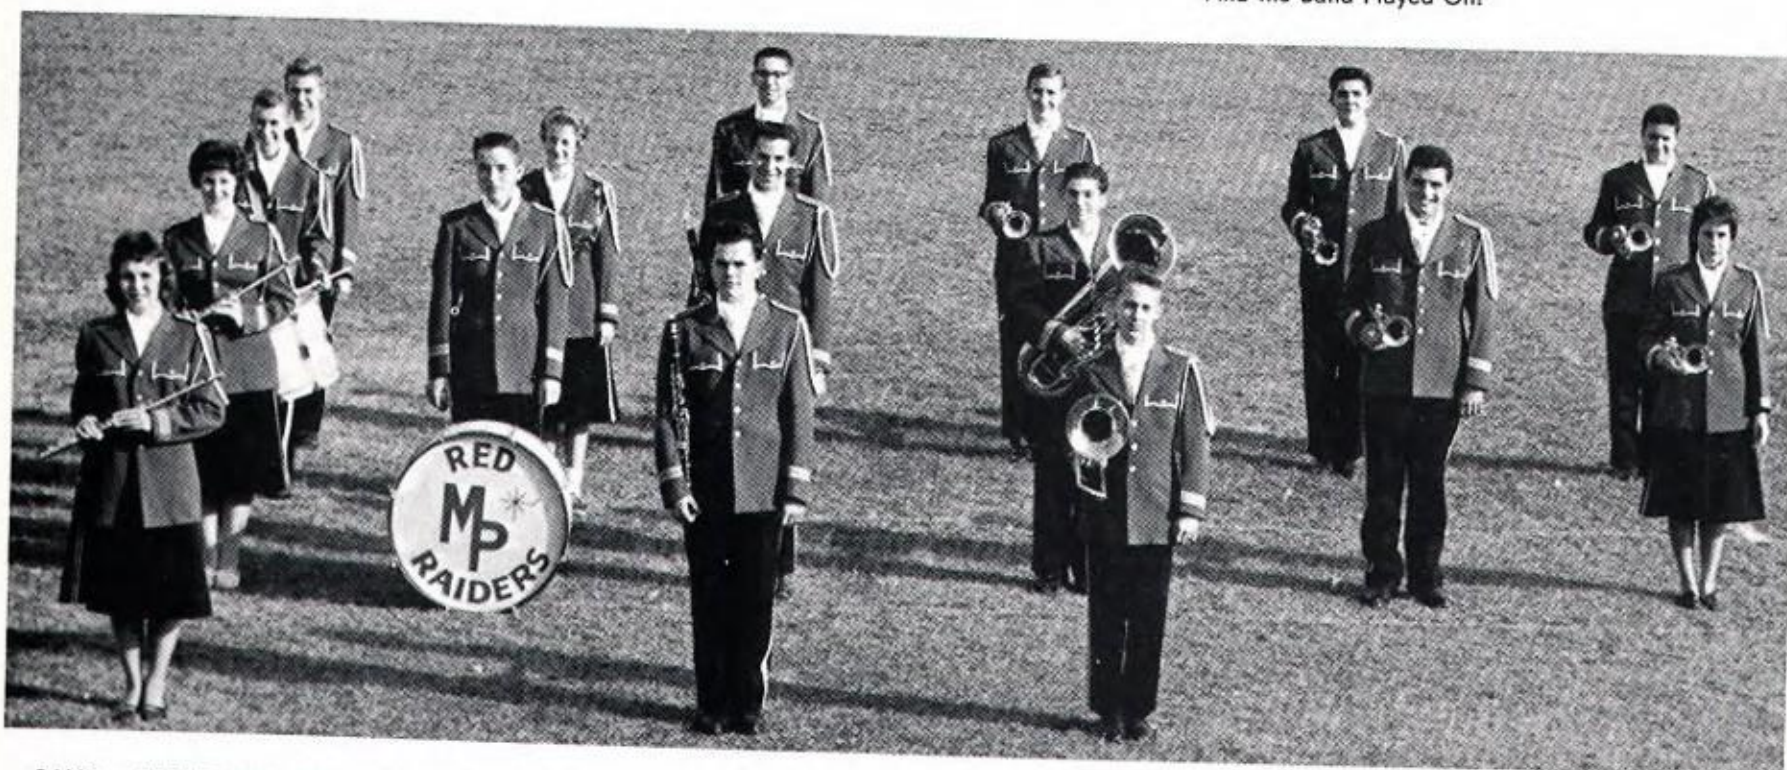

Anyone passing by the music room during fourth period is very likely to hear the clashing of symbols and the rolling of drums as our band swings into rehearsal for another day. Playing numbers, which range from classical selections to marches and "pep songs," the Red Raider music-men have done much to add to the excitement of pep rallies and football games or provide for an evening of enjoyment while giving a concert. Although our band was reduced to a smaller size this year, no one can overlook the enthusiasm the band members produce through their music each time they perform.

HOT DOGS! POP CORN! HOT CHOCOLATE! is the familiar cry heard from the refreshment stand at every home football game on the Mont Pleasant field. These shouts come from the happy-go-lucky boys who make up the Golden Spike Shoe Society. This organization is composed of thirty-one members

who are inducted into this society each fall on the basis of their hard-earned accomplishments in cross-country and track. These boys must also exhibit good citizen and sportsmanship in order to participate in the club's activities.

HI-Y CLUB

The Hi-Y Club at Mont Pleasant is a unique organization which devotes its time and energy to the service of our school and community. Its sponsor, Mr. Rizzo, working in co-ordination with with club president, John Pasquerella, plans many and various activities throughout the year. Among such are participation in the annual UNICEF drive on Halloween and a Mont Pleasant Hi-Y Dance, the profits from which are used to extend further the valuable efforts of this club in our neighborhood. Also, this organization fosters community friendship in its basketball team of the Y.M.C.A. Basketball League. Meeting every Wednesday morning in Room 123, the Hi-Y Club stresses social participation, with membership open to all Mont Pleasant students.

HILL TOP TEENS

The Hill Top Teens is a group of girls from Mont Pleasant who are affiliated with the Young Women's Christian Association. The Hill Top Teens is a service organization with Mrs. Levanway as faculty advisor.

Each year it is customary for the group to choose two members of their club to spend a summer vacation with expenses paid at Keuka College.

JUNIOR CLASS OFFICERS

The members of the Junior Class Executive Committee are the chosen representatives of their classmates. Preparations for election of class officers begin early in October.

One of the annual responsibilities of the Executive committee is to sponsor refreshments and entertainment in the quad for the freshmen after their orientation meeting in September.

JUNIOR RED CROSS

Mont Pleasant has a representative member of the Junior Red Cross in every homeroom. Under the direction of Miss Wilson, the faculty advisor, this group carries on various projects throughout the year. There is, of course, the annual membership drive. A popular project which takes place every three years is the construction and filling of a chest for less fortunate people in foreign countries. The chest is built one year and filled the next with donations from all three classes. In this way each class is asked to donate articles such as toothbrushes and combs only once during their three years at Mont Pleasant.

LIBRARY CLUB

The Library Club is one of the many student organizations at Mont Pleasant. The members devote one class period a week to working in the library. The main objective of this group is to help keep the library in good order, to stimulate interest in reading, and to familiarize themselves with the mechanics of running a library. The Library Club also sponsors a tea during Book Week. Faculty members, ex-Mont Pleasant teachers and friends are invited to this social gathering. At this affair the students and teachers have an opportunity to chat and look over new books and other library materials which are on display.

Key Club International, an honorary fraternity for school leaders, is a group affiliated with the local Kiwanis Club. Sponsored by Mr. Gregory, the main purposes of this closely knit organization of boys are service to their community and the unselfish development of members to serve as examples of useful and honorable citizens.

Mont Pleasant's Key Club participates in several annual projects which serve to better Schenectady. Members assist the Kiwanians in their yearly Kid's Day functions, take charge of the Pleasant — Linton bon-fire, and sponsor at Christmastime a food drive for less fortunate citizens.

MAJORETTES

Half-time at a football game inevitably brings forth a performance from our Varsity and Junior Varsity Majorettes. These girls, dressed in their colorful uniforms, perform precision routines to the music of the band. They twirl their batons and energetically strut to add color and spirit to the half-time show as well as the game. Under the sponsorship of Mrs. Barbara Makofski, these girls join with the majorettes from area schools to stage the Majorettes Cotillion, a traditional social event inaugurated by the Mont Pleasant group.

EDITOR'S MESSAGE

The 1961 Montaneer, "Count-down," which lies open before you now, is the final product of much toil and struggle on the part of many students and teachers at Mont Pleasant. Were it not for the tremendous efforts of your yearbook advisers and their respective staffs, the Montaneer could not have been the success that it is. Specifically, Mr. Green, Mr. Albrezzi, Mrs. Putnam, Miss Pollack, and Miss Clark worked endlessly with their staffs to overcome innumerable obstacles on the road to the reader. Here, therefore, is represented the gamut of capable industrious people "behind the scenes" of your yearbook, and your editor sincerely hopes that he has shown his appreciation to them; equally that he has presented to Mont Pleasant's student body a realization of the time and effort required for "Count-down," — a true reflection of Mont Pleasant's dynamic strive for improvement and progress in the world of today.

MODERN DANCE

Under Mrs. Barbara Makofski's direction, a group of Mont Pleasant girls have formed a Modern Dance Club. These girls meet once every week to express themselves through motion which is an objective of modern dance. The girls have composed dances to various musical selections, and they have held a workshop with the Linton Dance club. A second objective of the group is learning to get along with others.

The Moppers, a select group of Mont Pleasant's boys, are responsible for many of the familiar things which we take for granted. They serve our school in any gymnasium activity by selling soft drinks, setting up bleachers, or cleaning the boys' gym. All of these are full-time jobs to which the Moppers give their utmost support.

Under the supervision of Mr. Rieg, the Moppers take an annual trip to New York to see the basketball tournament at Madison Square Garden.

MOPPETTES

One of the busiest service organizations of Mont Pleasant is the Moppettes. These hard-working girls are kept active by cleaning and sweeping up the gym daily to prepare it for classes. Various other duties also include preparing the girls' gym for dances, parties, and other social gatherings, as well as cleaning up after these affairs.

NURSE'S AIDES

The Nurse's Aides, a service organization, is composed of ten seniors. Each serves in the nurse's office for one period a day.

A monthly meeting is held by the group with Mrs. Trevett and Mrs. Heath, the school nurses. The purpose of these meetings is that the girls may become better acquainted with the various fields in nursing. Speakers, field trips, and movies are used to vary the presentations at these meetings.

Each aide is responsible for one monthly arrangement of the Health Bulletin board in the nurse's office.

ROCKET CLUB

Although the Rocket Club is fairly new to Mont Pleasant, having been formed only last year, it has successfully met the special interests of those members of the student body who want to know more about rockets and missiles. Authorities from the missile field talked to the group last year, increasing their understanding and enthusiasm. At other meetings films were shown, and demonstrations given.

SPORTSMEN'S CLUB

Varied are the activities of the members of the Sportsmen's Club. An annual turkey shoot is held in November where members engage in friendly competition. An ice fishing trip in January and the spring camping trip are among the other activities of the group. The proper use of fire-arms is the main purpose of the club, but stress is also given to promoting an interest in conservation, hunting and fishing.

STUDENT BOARD

The student board, the student governing body of our school, finds its strength in the will of the students and the guidance of the able sponsors, Mr. Pinchuk and Mr. Hickey. Included in its many functions are the assembly programs, the presentation of pep rallies before the Linton games, and the pep clinics before the first football and basketball games.

Among other valuable services are the sale of season tickets for sports events and selling of bus tickets. The Freshman Tour is another very important and beneficial item on the student board's agenda for the year.

The use of the Hi-Fi for school affairs is the means by which the student board raises its funds. Music in the cafeteria is provided by the Hi-Fi system.

Inter-school relations are carried on by the student board through its participation in the Inter-school Youth Conferences and by its membership in the Schenectady County Association of Student Boards.

STUDENT STORE

The Student Store Club is a service organization which is sponsored by Mr. Green. The store handles sales of yearbooks and class rings and arranges for senior caps and gowns. It also offers a variety of school supplies, available to students at low cost. The store serves as a laboratory for students enrolled in the retailing course. All profits are transferred to Student Board to help subsidize such things as the school newspaper.

WATCHTOWER

The advertising staff of the Watchtower is concerned with obtaining sufficient advertisements that the paper will be a self-sustaining business, meeting all expenses. They solicit and write up the advertising and serve as the central distribution control of the paper. Each member of the Board of Education, retired teachers, alumni and other schools receive a copy of each issue. Serving on the advertising staff gives the students the opportunity of becoming familiar with the field of advertising.

WATCHTOWER

Three weeks before the Watchtower comes out, the staff assembles in its svelte, new city-room, which is now located in Room 111, and has served as the cradle for many literary ideas. This signals the beginning of reporters scurrying for stories, typing, furious copy-writing, and tedious head-lining. Thanks to the efforts of William Becker, editor, and Mrs. Bette Russell, sponsor, our school is continually enlightened by the latest news, written in prize-winning form.

WATCHTOWER

The homeroom representatives on the Watchtower staff, one from each homeroom, are virtually the "newsboys" of the paper. They not only bring the papers to homeroom, distribute papers, and collect the money, but each is responsible for selling as many as possible, through pep talks on school spirit and loyalty. With the co-operation of all three staffs, an annual dance is sponsored with the proceeds going to the output of the paper.

ORCHESTRA

Under the direction of Mr. Takaroff, the members who compose our Hill Orchestra represent the "symphonic" sounds of our instrumental program. Providing music for the presentation of our school play, for special assemblies and for graduation, the orchestra is similar to the band in that it plays classical as well as popular selections. Combining with the band on several occasions, the orchestra also takes part in various concerts throughout the year.

NATIONAL HONOR SOCIETY

During each junior class year, probationary members of the National Honor Society are chosen. They are selected by a faculty committee on the basis of having earned an academic average of B or better and of having made individual contributions to school or community activities. Permanent members are selected in January of their senior year with the same regard to qualifications. It is also possible for new members to be admitted in June of their senior year.

The Future Teachers of America Club provides for the high school student the opportunity of expressing his or her interest in the field of education. Through the medium of films, members can explore more deeply into the profession. Student teachers from area colleges attend meetings occasionally to add a touch of authenticity to the picture and to answer questions relating to the field. Largely through the efforts of the Future Teachers of America, the Cadet Teachers program was organized. The chief goal of the cadet teaching program is to provide practical experience for those students interested in becoming teachers, nurses, sociologists and other related professions.

ENGLISH ARTS COUNCIL

There are many students in Mont Pleasant who enjoy dramatic presentations. The English Arts Council has been organized to encourage dramatic appreciation and cultural activities. These students attend plays and musicals presented by area groups. They support appropriate activities in school, including the spring play. This year the group is co-sponsoring a trip to New York City to see "The Miracle Worker."

GIRLS' SWIM CLUB

Formed as a sister group to the Boys' Swim Club, the Girls' Swim Club is now enjoying its second successful year. Under the able leadership of Miss Marcia Carr, the girls, 30 in all, meet every Wednesday night at the Van Corlear Junior High pool. There, the evening is spent in fun and enjoyment as the aqua-queens splash and swim to their hearts' content.

SERVICE ORGANIZATIONS

The Athletic Council is composed of a select group of juniors and seniors chosen to assist in the management of money collected at athletic events. Members sell tickets during their lunch hours and can be seen again collecting tickets at the games.

Among the several service organizations of our school are the cafeteria workers. They sell milk to the students, serve food, and operate the cash registers during lunch time. This group also clears all the tables and washes them after lunch to prepare for the next day. Because of the cafeteria workers, Mont Pleasant has a very clean place to eat.

The projectionists provide the school with a valuable service that includes projecting movies in assemblies and classrooms. Projectionists are skilled in the operation of slide and filmstrip machines as well as motion picture projectors. This staff coordinates its skills with

those of the light crew, resulting in a smooth performance while showing movies during assemblies.

Another skilled group of the Mont Pleasant service organizations is the office workers. For such a job, a student must be a good citizen and scholar. Members assist the office staff in answering the telephone, delivering messages, mimeographing, duplicating, and filing. The administrative staff functions all the more smoothly because of the aid of the office workers.

During the school year, the stage hands contribute their needed services at all functions in the Mont Pleasant auditorium. These boys prepare the stage for assemblies by setting up sound equipment, screens, tables, and other necessary apparatus. They also assist with pep rallies and the school play. Stage hands are found in the auditorium many afternoons giving help to groups engaged in after-school activities.

BASEBALL

When Mont Pleasant's baseball team heard the cry of "Play Ball" last year, it did just that. The team had an undefeated season, winning nine games. Over the last 2 years, they have won 20 games and lost 2. This year they were also Class A. Champions.

These outstanding performances may be attributed to the outstanding performance of a few players. Ed Barnowski, who throws a baseball with the speed of a bullet, did an outstanding job on the mound. He threw 2 no-hitters, a couple of one-hitters, and a few 2-hitters. Al Steele, another fireball, took up the slack when Ed was resting. The excellent fielding of Joey Loudis and Joe DeCarlo, shortstop and second base respectively, helped a great deal. Timely hits by Dick Odorizzi, Jerry Carnival, and Joe DeCarlo were never scarce.

Rebounding from the worst record any basketball team at Mont Pleasant has ever complied, the Raider Hopsters have come out victorious in 10 of their first 12 games.

The team shows that it has speed and can rebound with the best of them. With great efforts from Jerry Vinehout, Raymond Vacca, Bob Berube, Ralph DeRizzo, and Randy Cross, the Raiders won their first six games before dropping a hard fought battle to Kingston. The string of six started with a win over Glens Falls at Glens Falls. Then Dalton High of Massachusetts invaded the Hill and was trounced 84-39. We then made our Class A debut by beating Albany at the Hill. Then we beat New York Military Academy before taking to the road to meet tough Amsterdam. We found them tough, but they weren't tough enough, for the Suprunowicz coached boys beat them 78-70. Our string was then extended to six by a victory over Adams 62-38. We then met our first defeat, a heartbreaker to always tough Kingston at Kingston 51-50. The next day Kingston invaded the "Hill." We were determined to get revenge, and we did by beating them 80-54. We were now back on the right road and we showed it by beating Dalton 77-41, Glens Falls 72-53, and another Class A foe, Troy. This gave us a 10 and 1 record to bring into the "Game of the year" against Linton. We Just didn't have enough to defeat them but have high hopes of doing so in our return match.

This year's Mont Pleasant wrestling team should be tops in the section under the guidance of mentor Larry Mulvaney. There are seven returning grapplers who have earned letters last season. They are Julius Aycox, Gene Monaco, John Martini, Bob Dobies, Marty Cahill, Frank Parisi, and Stan Bryniarski. Because of the depth of this year's Raider's mat team, it appears to be one of the strongest Mont Pleasant mat teams ever assembled. Mont Pleasant will, once again, be out for the sectional crown which has never been taken away from them.

As usual, after a successful season comes the rebuilding job, and this year was no exception. With only a handful of returning lettermen, coaches Mulvaney and Parisi had their troubles. But, our boys really played a hard game every time they went out on the gridiron. They improved steadily over every game and tried to learn by their mistakes.

Our first outing of the season came against a powerful White Plains team which saw our Raiders on the short end of a 20-7 score. We lost our next game to Gloversville but then came back for consecutive wins over Amsterdam and Troy. On the next Saturday, we lost a 13-7 heart-breaker to Kingston. In the traditional Pleasant-Linton rivalry we, once again, saw ourselves on the short end of an 18-0 verdict. On Thanksgiving Day, the last game was played at Rochester.

TENNIS

Our tennis team emerged from another rebuilding season in pretty good shape. Handicapped by only one returning letterman, Thomas Perkins, the Raiders finished with a 4-3 record. This was due to the fine playing of juniors Richard Anker, Kin McDonald and freshman Fred LeVine. En route to their 4-3 record they had impressive wins over Heatley and Troy, beating them (6-0, 6-0), (6-0, 4-3) respectively. Then they dropped two to Albany (0-6) (2-5) and one to Linton (2-5); the second match with Linton being postponed because of bad weather.

CROSS COUNTRY — Left to right, **FIRST ROW:** J. Farry, R. Forstell, G. Gilbert, P. Locci. **SECOND ROW:** R. Dobies (Manager), R. Hofer, W. Banaszewski, W. Scott, Mr. Vacca.

Under the guidance of Raymond Vacca, this year's Mont Pleasant cross-country team was one that ran good and bad races. Our Harrier's had a strong line-up with returnees Bill Banazewski, Ron Forstell, Jack Farry, Tom Febbi, Ron Hafer, Bill Scott, and freshman star Phil Locci.

Due to a flu epidemic which struck the team, Mont Pleasant got off to a mediocre start. In the Proctor Run in Utica, our Harrier's placed second, paced by Bill Banazewski and Tom Febbie. The team was still ailing when it entered the Grout Run in Schenectady and came up with a third place finish in the class-A run.

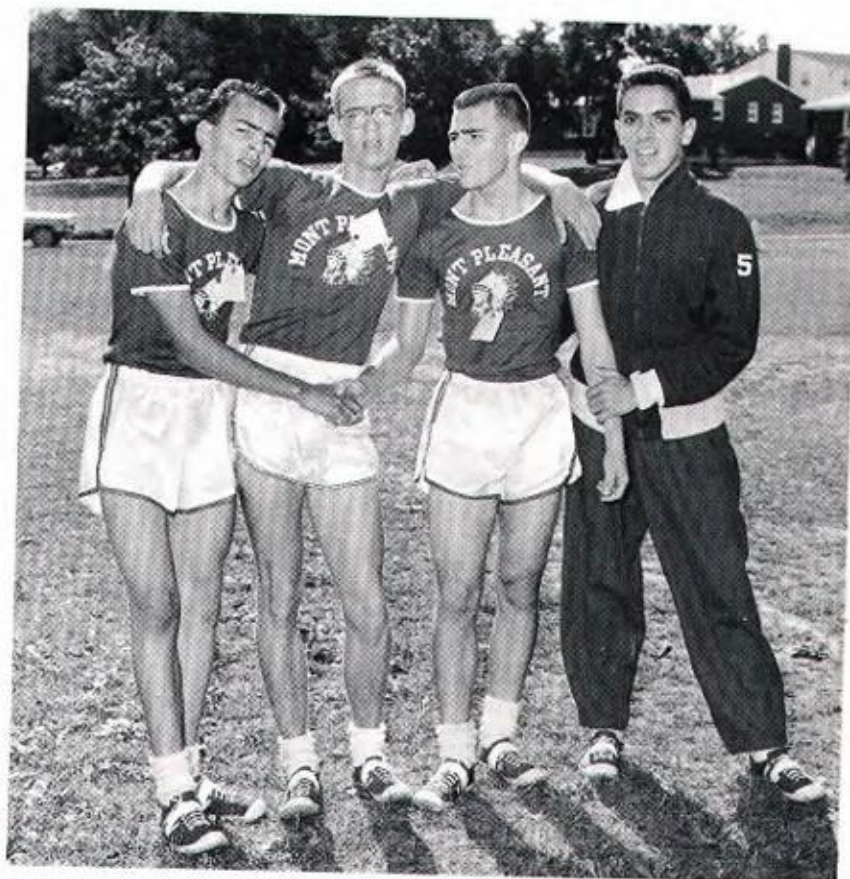

The following week the team traveled to New York City for the annual St. John's Run. Our boys came up with a seventh place finish among the top fifty teams in the East. A week later Mont Pleasant came up with one of its finest team showings by winning the Baldwinsville Run. On the next Saturday, the team went to New York City again for the New York University Run where they finished nineteenth.

At the Sectional race in Central Park, Mont Pleasant was just prevented from the laurels by Linton. This, undoubtedly, was Mont Pleasant's finest team effort. Next year's team seems even more promising than this year's with returnees Phil Locci, Bill Scott, and Lou Mark.

GOLF

Our Golf team at Mont Pleasant, which is coached by Sigmond Makowski, compiled a 5-4-1 record last year, and a second place in the Sectional at Glens Falls. Don Male, Jim Duval, Mike Radvicka, Chuck Neidle and Bill Ackerman were the five lettermen who led our team through the '60 season. Bill Ackerman suffered an injury in the beginning of the season and was replaced by junior John Pasquerella. When at home, the golf team plays at Schenectady Municipal Golf Course. The golf fee is paid by the school.

This year Mont Pleasant's team will have the returning services of only John Pasquerella and will have to look for help from the incoming class to carry it through.

GIRLS' ATHLETICS

Our physical education program offers repeated opportunity to all girls to acquire skills necessary for group action, be it on gym floor, field, or dance floor.

Classes are preceded by a few minutes of warm-up exercises. These set the stage for muscular efficiency and a desire for activity.

Group outdoor-activity is carried on when weather permits. Here, activities are introduced and taught with a thought to later life participation, such as in golf, tennis, archery, and badminton.

The dance unit concerns itself with the development of strength, coordination, poise, and ease in handling the body. The apparatus unit contributes to physical fitness, and develops agility, flexibility, balance, and is a lot of fun.

Through our yearly program, encompassing dancing, apparatus, and sports, Mont Pleasant aims to develop and maintain the highest possible level of fitness and physical efficiency for meeting the demands of wholesome living.

SCHOOL LIFE

On these pages, we have tried to present to you in capsule form our school life. But only the tangible aspects can be captured by the camera. The most important phase of life, that of making friends, has also been fulfilled at Mont Pleasant. Through experiences with our friends, we have gained a knowledge of human nature that will better us as adults of tomorrow. We have learned good sportsmanship by taking the bad with the good, win or lose.

Although we can remember our high school days as being filled often with fun, it's more likely that we will recall all of the hard work just as easily. But with the work has come a sense of responsibility, which is the primary goal of educators in preparing us for the future.

School life in a comprehensive school like ours is more than just classes, tests, and technical training. We can realize this just by analyzing any one of the pictures which represent school life. The noise of the cafeteria, the clanging of lockers, the hilarity in the halls, these can't be encompassed by pictures, yet they will be as vivid in our minds ten years from now as they are today.

DEANS

We entered Mont Pleasant as awed and uncertain freshmen. As we gazed at the ivy-covered walls, our senior year seemed but a place far in the future. We are now seniors, all too soon. To the deans of the senior class, Mr. Gregory and Mr. Zizzi, goes the credit of our successful high school years.

The senior class will never forget the guidance they have given us in our every undertaking; the patience they have shown in times of error and forgetfulness; the understanding which helped us progress along the road of success; and their devotion and interest in our every endeavor.

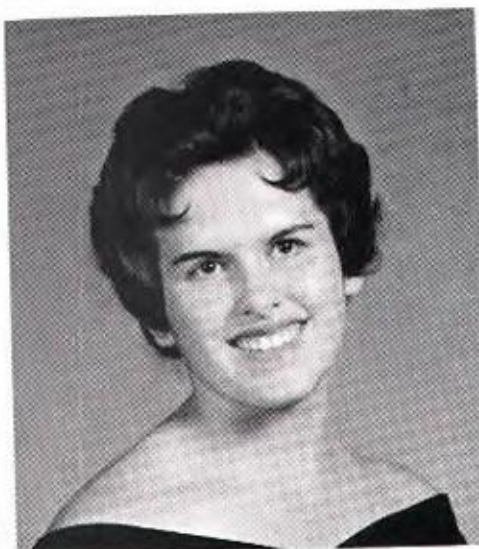

To them, the senior class extends its hand in sincere gratitude and appreciation for a job well done.

Having served their apprenticeship in sports, many of the boys advanced to the varsity teams this year. Win, lose or draw, these boys, with the rest of the student body, always kept up the high ideal of good sportsmanship. The paramount job of the coaches was to make men of our athletes. Their teaching of good sportsmanship was exhibited constantly throughout all athletic events whether on the gridiron, the basketball court, or the mats.

Counsel from College Representatives

WE PREPARE FOR COLLEGE

"Enter to learn; go forth to serve" is our school motto. Mont Pleasant, indeed, lives up to this motto in every way possible. Preparedness is a by-word in every field of endeavor here, and students are given the opportunity to use many tools of their chosen profession. Now, as we prepare to leave Mont Pleasant, we are able to look assuredly up to our future in marriage, vocations, college, or industry.

The training and education which we have received for these fields is our most important resource. For example, the various shop and vocational courses offered at Mont Pleasant have given many of us the necessary knowledge to compete successfully in our nation's industries. Under the guidance department's direction, many seniors were also aided in their selection of proper advanced education in the colleges and universities open to them. Thus, it can be easily seen that as we leave our familiar surroundings, we have been well guided and granted a solid education so that we confidently face our future lives in industry, vocations, college, and marriage.

Pleasant Isn't as It Halts Linton, 65-60

It's Over--MP Halts Linton High Streak at 46

Red Raiders Protect All-Time Record With Thrilling 65-60 Win

By MARV CERMAK
Gazette Sportswriter

THE END! That's probably the best phrase to describe Mont Pleasant High's 65-60 conquest of Linton High which cost the Blue Devils their cherished 46-game victory string last night before an estimated SRO throng of 1,300 at the MP gym.

IT TOOK THREE years and seven straight thrashings by the Blue Devils, but the Red Raiders finally got their city rivals' number on the night they were shooting for an all-time area win streak of 47.

Ironically, it was Pleasant which set the old standard of 46 back in 1933.

Bedlam prevailed throughout as the "madhouse" crowd watched the hosts, playing their final game of the campaign, run the Devils ragged in building up a 19-point bulge in the second quarter that melted with the passing of time.

Cochs Suprunowicz charges, 15-3 for the season, charged to overwhelming 17-3 and 36-23 spreads at the ends of the first two chapters to make it look like a run-away.

Walt Przybylo's losers, who fought their way back to several uphill triumphs this season, appeared to be pulling off the impossible again when they exploded in the third period for a 45-45 situation heading into the final eight minutes of play.

HOWEVER, THE fatal fourth was all MP needed and the Lintonians were forced to accept their initial setback in 16 seasonal starts and first since Dec. 12, 1958.

Linton, which is idle until a March 18 Sectional battle with Glensville, outshot its rival from the field, 23 of 36 for 41 per cent to MP's 24 of 62 for 39 per cent. The averages didn't tell the true story, with the extra Pleasant field and 17 of 24 foul shot performance to Linton's 14 of 23 the margin of victory.

Oddly enough if there was anything that could be pin-pointed as a bad break it would have to be recorded on the Raider ledger. Bob Berube, one of the best the Hill has to offer and a victim of early personal fouls in the first pairing of the two clubs last month, had fate work against him again.

Berube, who along with his coach, teammates and the majority of fans present, contended he was inadvertently charged with another Raider's foul—his third midway in the second quarter—was used sparingly and fouled out with 5:07 to play.

SUPRUNOWICZ GOT an exceptionally strong performance from 6-foot-4 standout Jerry

Vinehout and rebounding mate Randy Cross. The former swished a game high of 23 points, including a 9-for-10 showing from the free throw stripe while Green tanked 19.

It was also this tandem plus Berube, when he was present, that cleaned the backboards off all night. Backcourt driver Ray Vacca blew holes in the Blue and White defense while Bill Banaszewski, an unheralded reserve all year, turned in a yeoman's effort as Berube's prime replacement.

Linton was in command only twice all night. A Jack Washington jump shot plus two straight jumpers by Ben Winslow, the boy who crippled the Hill with 22 points in the first game, put the losers out front, 6-3.

Cross knotted in a layup at 4:42 to knot 8-all and Vinehout's dazzling hook shot at 4:21 put MP at the controls until 7:09 of the fourth period when a Washington long-jump made it 48-46 in favor of the Blues.

VINEHOUT deadlocked 45-45 at 6:33 and dumped in a pair of fouls at 6:42 to give the Hill the upper hand for good. Vinehout, who had 10 of his night's haul in the fourth, and Vacca, maker of six of his nine in the home stretch, kept firing and swelled the margin to 59-50 by the time the clock showed 4:05.

A Pleasant stall starting at 2:45 killed off any hopes of retaliation by the Przybylos, who finished the Class league with a 7-1 chart to MP's 5-2 record.

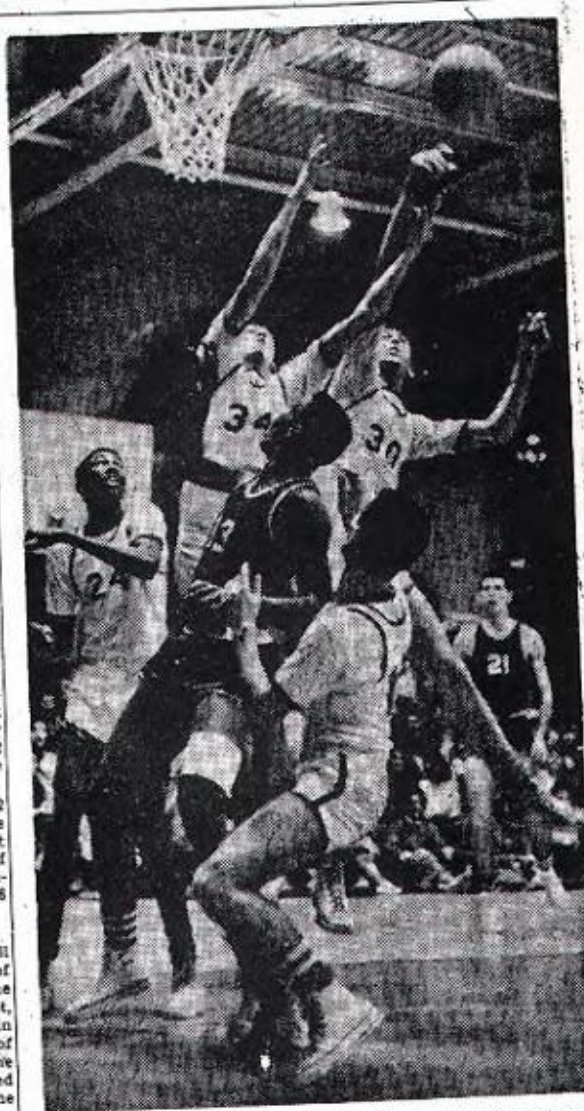

In the early going the Hill's nine-point margin after the first quarter blossomed to 19. Trailing, 23-13, the Blues watched the hosts pour through nine straight points in a minute and four seconds for 32-13.

The Blues cut into the deficit and a 13-point halftime cushion dwindled to three when they strung out 10 in-a-row while MP was held scoreless for a 36-33 reading. Cross canned a spin-jumper from the pivot for the first Hill hoop at 3:13 and that shoved the victors into high gear for good.

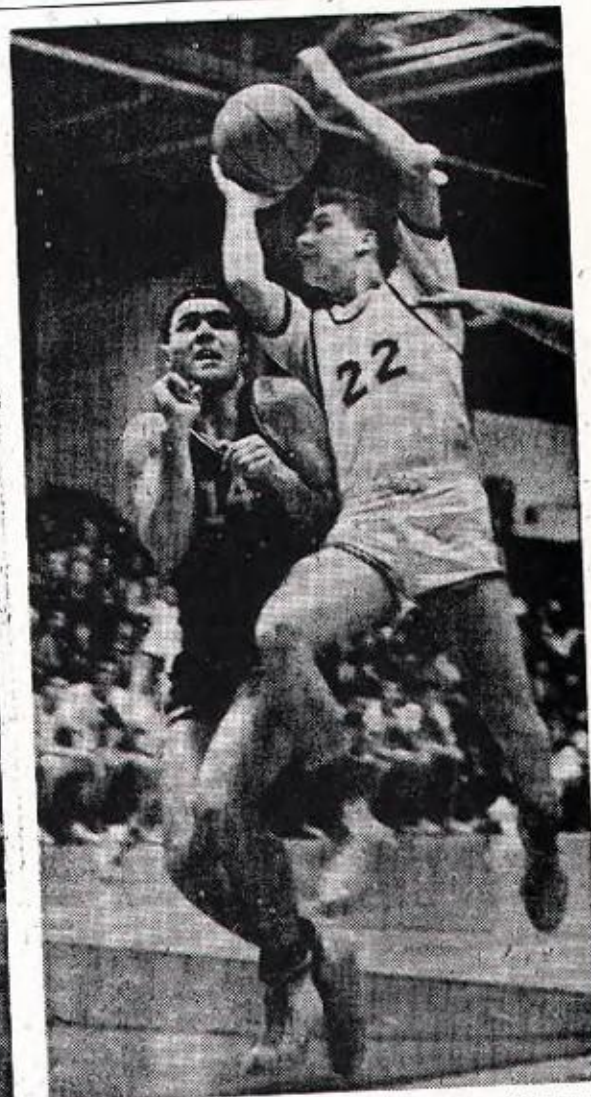

In the prelim Linton's jayvees had a little more success in repeating their early season win, 67-54. Summaries:

Joy Reigns...at MP

Sights and Sounds . . . At 'Game of the Year'

By BILL CONNOLLY

Pandemonium . . . Turmoil . . . Chaos . . . Jubilation . . . Despair . . . You pick the word and it will describe a part of the scene about 10 o'clock last night . . . after the Mont Pleasant High basketball team had pulled the upset of the decade with its 65-60 win over crosstown rival Linton High. There were tears of joy . . . and sorrow . . . depending on which side of the court you were sitting . . . but, there were no incidents, as both players and fans knew that the better team . . . last night at least . . . had emerged victorious.

Rabid fans jammed the gym and auditorium by 6:30 . . . a half hour before game time for the Jayvee preliminary. The auditorium was filled mostly by adults who had to be satisfied with closed-circuit television . . . although the picture left a lot to be desired. With the whooping, cheering and just plain yelling that echoed through the gym during the preliminary, it's a wonder there were any voices left with which to greet the varsity teams when they took the floor for the main go. But, the crowd summoned super vocal strength from somewhere and there wasn't a quiet moment from start to finish . . . for Pleasant fans.

★ ★ ★

That the game was hectic is evident from a remark late in the game by one of the officials: "It's a tough way to earn 12 bucks . . ." Couldn't help but notice the predominance of red sweaters on the girls on the MP side of the course . . . of course, Pleasant's colors being red and white may have had something to do with it.

We thought baseball and football games were the only sports where at least one dog would wander onto the field of play during every game . . . but, it happened in basketball last night, when a husky Boxer took the floor in the third quarter. Maybe he was looking for a scrap.

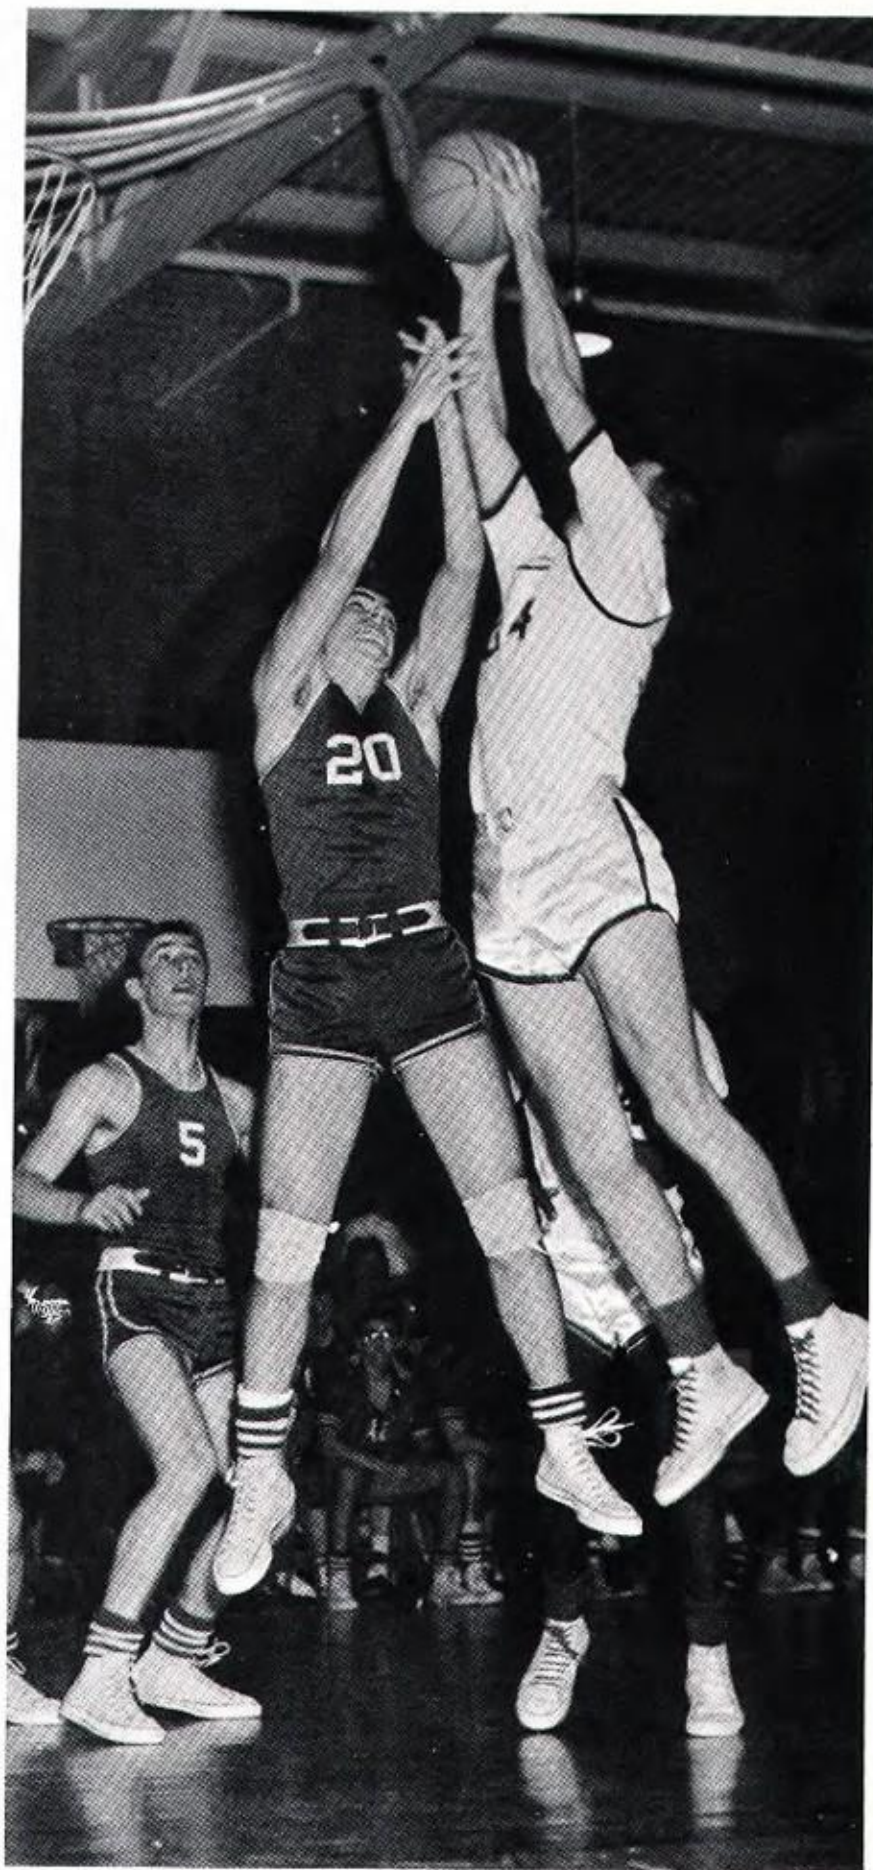

The way Ken Grant was pouring the ball through the hoops in the preliminary, no one would know this was the big anniversary celebration year of the Confederacy. Grant helped the Linton Jayvees take Pleasant like another Grant took Richmond . . . And, we wonder how that Mont Pleasant girl felt when Jack Washington landed in her lap when he fell into the crowd during hectic action in the final quarter.

When we were able to force our way to the dressing rooms after the game and collar the winning coach, Dick Suprunowicz, it was to have the mentor give all the credit to the boys. In his words, "The team exhibited a lot of courage to come back in the fourth quarter. It was their determination, especially the 'never say die' attitude of (Jerry) Vinehout that brought them the win."

Things were a bit on the glum side in the Linton dressing room. Losing Coach Walt Przybylo said, "If we had to lose, I'm glad it was to Mont Pleasant. They played a helluva ball game."

Winding up their successful evening, the players on the Mont Pleasant squad adjourned to a downtown restaurant, where they did as well with their knives and forks as they did earlier with the basketball.
